

DAVID AGHASSI

AGHASSI.US + OAK AVENUE, RIVER EDGE, NJ

EDUCATION

BACHELOR OF ARTS AND SCIENCES: COMPUTER SCIENCE AND ECONOMICS {CASE WESTERN RESERVE UNIVERSITY}

2012
2016

EXPERIENCE

**FRONT END DEV/SOFTWARE ENGINEER COOP {IBM URBANCODE}
CLEVELAND, OH**

JAN 2015
AUG 2015

Worked on UrbanCode Deploy, as well as UrbanCode Release. My task was to work on bringing down the number of defects in the Deploy. Each defect required tests to be written to validate the fix worked as expected.

I was later moved to Release to work on front end development since the Lead developer was leaving. I replaced him for the last three months of my internship. Languages used varied between Java, CSS, JS, HTML, and Dojo.

FIND MY BUS NJ

While commuting over the summer of 2014, I found the lack of a straight forward NJ Transit bus app annoying. So I created my own! More information can be found at findmybusnj.com

SWING CLUB WEBSITE

As webmaster of Case Western Reserve University's Swing Club, I worked to rebuild my club's website from the ground up. I used GruntJS and NPM to automate the build process. The site is built using Bootstrap, AngularJS, and JQuery. All code for the site is also hosted on my GitHub.

LANGUAGES

HTML, CSS
JS, AngularJS, Dojo
Objective-C, Java
Selenium, The Intern, JUnit
Latex

SKILLS

Agile and Scrum Methodologies
Partner Programming and Peer Code Review
Familiar with RESTful services
Interpersonal Relations
Fast learner and self motivated
Eager to expand knowledge
